¹ The DPP Complaint lists Actavis as one of the “relevant manufacturers of meprobamate” but notes that Actavis exited the meprobamate market in “early 2013.” DPP ¶¶ 261-62. It thus alleges only an “agreement between at least Defendants Heritage and Dr. Reddy’s” as being part of the “overarching conspiracy.” *Id.* at ¶ 269.

Kroger Plaintiffs' Complaint

| Alleged Individual Drug Conspiracies ⁵ | Alleged Participants |
|---------------------------------------------------|----------------------------------------------|
| Acetazolamide | Heritage Lannett Taro Teva Zydus |
| Albuterol | Mylan Sun |
| Amitriptyline | Mylan Par Sandoz |
| Baclofen | Lannett Par Teva Upsher-Smith |
| Benazepril HCTZ | Mylan Sandoz |

⁵ The Kroger Plaintiffs group their allegations into 31 counts, but five of those counts improperly combine allegations concerning separate alleged conspiracies naming distinct defendants as to distinct formulations of that drug. *See* Count Two (Acetazolamide: Tablets – Taro and Lannett (Kroger Compl. ¶¶ 237-243), Capsules – Heritage, Teva, Zydus (Kroger Compl. ¶¶ 244-250)); Count Twelve (Doxycycline: Doxy Hyclate [Regular Release] – West-Ward, Actavis, Sun, Teva, Par (Kroger Compl. ¶¶ 440-448), Doxy Mono – Heritage, Lannett, Mylan, and Par (¶¶ 449-461), Doxy DR – Heritage, Mylan, Mayne (Kroger Compl. ¶¶ 462-470)); Count Twenty-Three (Metronidazole: Cream – G&W, Sandoz, Teva (Kroger Compl. ¶¶ 656-658), Jelly – G&W, Sandoz, Teva, Impax (Kroger Compl. ¶¶ 659-662), Lotion – Sandoz, Teva (Kroger Compl. ¶¶ 663-666), Vaginal – Sandoz, Valeant (Kroger Compl. ¶¶ 667-671); Count Twenty-Five (Nystatin: Cream – Taro, Perrigo, Par, Actavis, Sandoz (Kroger Compl. ¶¶ 691-696), Ointment – Perrigo, Sandoz, Actavis (Kroger Compl. ¶¶ 697-701), Tablets – Sun/Mutual, Heritage, Teva (Kroger Compl. ¶¶ 702-209); Count Twenty-Eight (Propranolol: Capsules – Actavis, Breckenridge, Upsher-Smith (Kroger Compl. ¶¶ 744-745), Tablets – Actavis, Mylan, Teva, Pliva, UDL, Par, Heritage (Kroger Compl. ¶¶ 746-750). The Kroger Plaintiffs thus purport to allege not just 31, but 41 distinct individual conspiracies. In addressing these allegations in the motion, no Defendant concedes that distinct formulations of any drug are appropriately the subject of a single alleged conspiracy.
